

REFLEX PROTECT[®] TACTICAL

5 oz. Industry Presidia Gel[®] (CS)

EXTREME STOPPING POWER Immediate involuntary eye closure and disorientation incapacitates a violent subject upon contact. Effective on individuals not experiencing pain.

CLEAN UP Patent-pending advanced Reflex Remove[™] decontaminate reverses the effects of Presidia Gel[®] after the threat has passed, providing relief within 2 minutes, compared to 15 minutes for competing products. Clean-up is easy and fast for both people and surfaces.

ADVANCED FORMULA Presidia Gel[®] is NOT pepper spray, but rather an innovative sticky reformulation of LE-trusted CS.

PATENTED TECHNOLOGY The patented Reflex[™] spray head is designed for easy, intuitive, and extremely accurate use, deploying a tight stream up to 20 feet with zero blow-back.

STICKS TO TARGET Presidia Gel[®] sticks to what it hits, preventing side-splatter or collateral effect, perfect for sensitive indoor locations. Cannot be removed by subject and thrown back at the officer.

NO CONTAMINATION Non-atomizing and non-flammable. Can be safely deployed indoors, in a vehicle, or in a crowd without affecting innocent bystanders. Non-flammable formula, safe to use with Electronic Restraint Devices (ERD).

TRAINING Watch basic use training videos on our website. Printed instruction manual included. Certified instruction training available.
