

REFLEX PROTECT[®] TACTICAL

MK-IV Duty Belt Presidia Gel[®]

EXTREME STOPPING POWER Immediate involuntary eye closure and disorientation incapacitates a violent subject upon contact.

CLEAN UP Shockingly effective Reflex Remove[®] decontaminant neutralizes Presidia Gel[®] and provides relief within 2 minutes. Clean up is easy and fast for both people and surfaces. LE in Ohio call it “pure gold.”

NEW PROPRIETARY FORMULA The product is NOT pepper spray, but rather a new, target-specific, sticky, and rapid-onset CS formulation.

STICKS TO TARGET Sprays a tight stream of sticky gel with zero blow-back. Officers can isolate a subject in a group without affecting anyone nearby. Cannot be removed by subject and thrown back at officers.

SAFE WITH NO CONTAMINATION Non-atomizing and doesn't displace oxygen. Can be safely deployed in crowds, indoors, within cells, and in vehicles. Non-flammable formula, safe to use with Electronic Restraint Devices (ERD).

TRAINING Identical operation to MK-IV pepper sprays. Fits in existing MK-IV holster. Printed instruction manual included. Certified instructor training available.
